

SHINE

SIMCOE HOPPED PALE

4.9%

Simcoe gets its chance to shine in the first of an ongoing single hopped series using new hop products to showcase just how much flavour and aroma they can deliver. Utilising liquid hop extract alongside Cryo and T90 hop pellets, we will capture the full spectrum of what Simcoe has to offer with layers of tropical fruit, sticky pine and citrus. Tuck in to this - the first release in Duration's single hopped series.

TASTING NOTES

Tropical | Juicy | Pine
