WHAT'S INSIDE

PARTY FORWARD HAZY IPA ABV 6

Some beers are malt forward, some are hop forward, this one is party forward. Party Forward is a hazy IPA brewed exclusively with Citra hops. Super fruity, soft, and tropical—and designed for everyday consumption.

MISTER FALCON HAZY IPA ABV 7.3

DDH Hazy IPA collab with Barrel Theory slammed with Strata, Simcoe Cryo, and Citra hops, with and an extra-large dose of malted oats. We also fermented it on the cool side with our favorite expressive German ale yeast, for a fruity little twist.
