

THE PEOPLE'S BEER

Fair State brews the People's Beer. Founded on the idea that beer brings us all together, we are stewards of quality & community. Crafted as a collective and shared amongst friends, we foster unity through the infinite connection between beer and the community. From traditional lagers to new innovations, our beer is brewed by the people, for the people.

CHILL STATE

THC-INFUSED SPARKLING WATER

Chill State is sparkling water infused with hemp-derived THC and broad spectrum CBD. It's flavored with terpenes, which are hyper-potent plant-derived aroma compounds modeled after strains you might recognize. All the dank flavors and aromas with zero calories, added sugars, or artificial sweeteners.

HYPER COLD

NON-ALCOHOLIC ALES & LAGERS

We started HyperCold, our non-alcoholic beer line, back in 2018—and now it's back in full force because we want NA beer that's just as high quality as everything else we make. Dual-Stage Vacuum Separation uses a low temperature, low pressure vacuum filtration that maintains flavor, color and aroma of the initial beer.

HOP WATER

HOP-INFUSED SPARKLING WATER

Bright, zippy, and deeply aromatic, our Hop Water is infused with actual factual hops—and that's it! With zero calories, carbs, or booze, it's an excellent option for seltzer lovers, hop heads, or anyone looking for a crispy beer replacement.
